Carl Sagan - We Are Members of a Larger Group

Carl Sagan (1934-1996) was one of the world's leading figures in space and extraterrestrial life research. He was an astronomer, planetary scientist, cosmologist, astrophysicist, and astrobiologist. But, most of all, he was the man who made cosmology an accessible subject to every human being with a TV set, through his critically acclaimed television series *Cosmos*.

“Human _____ can be viewed
as a slowly dawning awareness
that we are members
of a larger group”
